Carl Lurvey
Police Sergeant Southeast

I am running for the Board of Deferred Compensation Administration because I believe that I have the technical understanding to make choices to ensure that the investments offered to members represent the best financial decision. I have a Bachelors in Mathematics from USC and am currently pursuing a Masters in Applied Statistics from CSULB. I am currently assigned as a field sergeant to Southeast patrol and have been a member of the Department for 15 years. Prior to my current assignment, I was a detective assigned to Audit Division conducting internal compliance audits. My education combined with my on-the-job experience gives me a unique set of skills that I believe make me an ideal candidate for this position.
